Chicken Dance Farm: Meet Elizabeth Studsill. Elizabeth is your woman if you're looking for eggs, poultry, and pork. Her chicken is 100% pastured and truly free range. Elizabeth takes a progressive approach to poultry production, choosing heritage and slow growth poultry breeds in order to better produce meat and eggs in an efficient, yet healthy manner for the birds and pasture.

Fernrock Farm: Meet Carrie McCann and Bill Brown. This team produces an abundance of raw vegetables and fruits as well as a wide array of cut flowers. They are participants in the PLANT farm incubator program through the Orange County Extension Service and are excited to be part of the Southern Village community.
